# Go Fish – rules of the game

**Before you start:**

- Form small groups (4 to 5 players).
- Sit around a table. One group member, the dealer, hands out the cards clockwise to the other players.
- 4 players = everyone gets eight cards. No card is left.
- 5 players = three players get six cards, two players get seven cards

**How you can win:** You need to get as many complete card sets of 4 as possible!

**Let's play:**

1. The player to the left of the dealer starts. Ask one of the other players for a card you need.

You: "Philipp, have you got the water bottle?"
Philipp: "Yes, I have. Here you go." (Philipp gives the card to you).
You: "Thank you."

Then you can ask someone else in the group for another card you need.

2. Philipp hasn't got the card. He answers: "No, I haven't. I'm sorry."

Now Philipp asks someone for a card he needs.

3. Whenever you have got a complete card set (= 4 cards), put it on the table.

4. The player with the most card sets wins the game.

**Have fun!**
