## Bastelanleitung „Minibook“

1.		Place the paper in front of you.
2.		Fold it in half (along the long line in the middle). Open it again.
3.		Fold it in half (along the short line in the middle).
4.		Fold the two sides down. It looks like a zigzag now.
5.		Open it and fold it like step 3. Cut it along the black line. Stop at the next „cross“.
6.		Open it again. It looks like this. You can see through it.
7.		Fold it along the long line (see step 2). Push the two ends towards the middle so that it opens.
8.		Push it all the way until the „hole“ closes.
9.		Take all pages and fold them towards one side – it's a book!
