

False friends

Task

False friends are English and German words with different meanings but the same or a similar spelling (= *Schreibweise*).

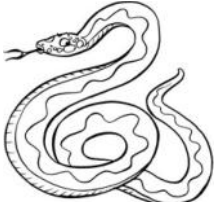

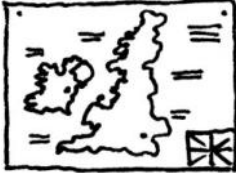

Therefore you have to learn them by heart (= *auswendig lernen*).

Cut out (✂) the memory® cards with the false friends.

Play memory® with a partner and find the pictures and the words that go together.

The one who finds most of the pairs is the winner.

	gift		snail
	boot		crisps
	map		chips
	fire		boat
	mobile		snake

Numerals and numbers

Task 1

Odd one out – find the three numbers that belong together.

The fourth one is an outsider and doesn't belong (= *gehören*) to the group. Write down all the letters behind the "odd one out" numbers to find out the solution word.

Look at the example (0).

	Column A	Column B	Column C	Column D
0.	fifty (e)	seventy (d)	eighty (a)	ninety (b)
1.	forty-three (l)	forty-four (c)	forty-six (d)	forty-nine (g)
2.	twenty-six (a)	twenty-nine (e)	thirty (t)	thirty-one (s)
3.	forty (r)	sixty (k)	sixty-five (o)	seventy (p)
4.	eighty-nine (u)	ninety-nine (f)	fifty-nine (d)	one hundred and nine (a)
5.	eight hundred (l)	five hundred (i)	four hundred (t)	two hundred (n)
6.	one thousand (i)	two thousand (a)	three thousand (o)	five thousand (n)
7.	four thousand (p)	nine thousand (a)	six thousand (s)	eight thousand (t)
8.	ten thousand (h)	fifteen thousand (f)	twelve thousand (l)	twenty thousand (u)

Solution word: _____ numbers
