

Going on holiday

Five children from different cities in Germany go on holiday to different countries. They also travel by different means of transport. Read, fill in the table and find out:

Who goes on holiday by ship? _____

name					
is from (city)					
goes to (country)					
travels by (means of transport)					

- Brooke is from Munich and on the left.
- The child from Nuremberg is between the child from Frankfurt and the child from Hamburg.
- One child goes to Greece by car.
- Tilly is next to Freddie.
- The child that goes to Austria is between the child that goes to India and the child that goes to Norway.
