⑦ My first day at school

Read this text and correct the sentences below.

Today was my first day at the new school. My new school is very big and my classroom has many windows. My classroom teacher is Mrs Jackson. She teaches PE and maths and I see her every day. My classmates are very nice and they show me everything. Every morning we meet at the assembly hall for registration. At this school we all wear a uniform. I don't like it very much, but I don't have to think about what I wear at school. One of the students forgot his tie today. Mrs Jackson talked to him and told him that it is one of our school rules to wear a tie. She is very strict, but nice. I love my school and my favourite subject is science. That's because of our teacher Mr Richardson. He is very funny and tells jokes all day long.

3. At school we don't wear a uniform.
